Proceeds

The monies raised will defray the cost of Mercy Medical Center's recently purchased MBI/Molecular Breast Imaging. MMC is the first and only hospital in New York State to feature this ground breaking technology. MBI is the first innovative technology in breast imaging in years and can help in the fight to reduce breast cancer deaths.

For more information, please contact Gloria DiSciullo at 516-705-2618 or Gloria.DiSciullo@chsli.org

Second Shotgun

12:00pm Registration,
Lunch & Driving Range
1:00pm Shotgun start

BBQ on the course throughout the day

6:00pm Cocktail Reception **7:00pm** Dinner

Honoree: Donald H. Regan began his career working with New England Hospital's Nuclear Medicine debts, and selling cancer diagnostic tools. He moved on to a career in the institutional bond and derivatives business at Goldman Sachs, Lehman Brothers and Barclays. Currently, he is a consultant in sales and portfolio risk and is involved in a new Financial Futures product. While Don has displayed financial talent throughout his career he is even more dedicated to his philanthropic work.

Don came to Mercy Medical Center over 20 years ago spearheading several projects including the Mercy Fund drive in the 1990's. He is a devoted board member of the Friends of Mercy Medical Center and has worked with the Friends to provide millions in support for the medical center. Don has been on the Board of Swim Across America, Nassau Suffolk since 2001 which has raised and donated over one million dollars to the Mercy Miracle Building and six million to other cancer related initiatives, including the Swim Across America Lab at Sloan Kettering, which helped test and develop a melanoma immunological vaccine, proven very effective in over 80 percent of patients.

His philanthropic work does not end with Mercy. Don and his wife Jill support the De Lasalle School in Freeport through funding and mentoring. Don has been involved with mentoring programs for Habitat for Humanity and the Harlem Children's Zone, as well as being on the educational advisory boards for Kent State's financial engineering graduate program, and the advisory committee for the entrepreneurial portfolio management at Holy Cross College – his alma mater.

A Rockville Centre resident for over thirty years, Don endeavors to improve his community. He and two friends forged the beginnings of Rockville Centre PAL Lacrosse Club by taking their sons' travel soccer team and working with Brine Lacrosse and the Long Island PAL to get RVC's first grade school team off the ground. Five of his sons played in this program over the years. Don proudly coached for over 10 years.

Don is most proud of his loving wife Jill, and his six sons. They are blessed with three daughters in law and are the proud grandparents of seven grandchildren.
